CONDUCTOR FINED.

A special session of the Police Court was held yesterday evening for the purpose of investigating the cause of the collision between an electric train and a light engine of the Southern Railway at the intersection of Cameron and Henry streets at 10:35 o'clock on the night of the 27th ultimo. Two hours and a half were consumed in the hearing, during which time twenty-one witnesses were examined. The warrants were sworn out by Officer Herbert C. Knight and the defendants were Engineer John B. Harrington and Fireman William L. Connor, of the Southern Railway, and Motorman Charles H. Robey, Conductor L. H. Bush and Trolleyman Norman Dove, of the electric railway. Commonwealth's Attorney S. G. Brent conducted the prosecution. Mr. Gardner L. Boe represented the crew of the electric railway train and Mr. John M. Johnson appeared for the engineer and fireman. Attorneys R. D. Brumback and H. O. B. Capper were present in the interests of the Southern Railway and Messrs. James R. and H. B. Cason represented the electric railway company.

Three men who were passengers on the electric train, Messrs. M. T. Dwyer, James King and Gen. W. Zachary, testified that no stop was made at the crossing. The train, they stated, slowed up, but did not stop. Others, on the contrary, averred that a stop was made and that two passengers boarded the train at Cameron and Henry streets. John H. Trimyer, who was injured in the collision, could not say the train stopped.

Conductor Bush said the train was brought to a stop and that he alighted from the motor car, went ahead, stood in the center of the Southern Railway track and, after looking north and south and not seeing the approaching locomotive, signaled the motorman to go ahead. The evidence of Motorman Robey and Trolleyman Dove was substantially the same.

Engineer Harrington, Fireman Connor and two engineers who were on the locomotive of the Southern Railway, testified that the engine was proceeding at lawful speed, that the bell was being rung and that a light was on the tender. Their evidence was substantiated by others.

George W. Zachary, who had asserted that the electric train did not stop at the crossing, said he was seated in the trailer and saw the light on the tender of the engine. Witness said it was a common occurrence, especially at night, for electric trains to cross the Southern Railway tracks at that point without stopping.

After all the evidence had been taken and arguments heard, Justice Thompson dismissed Engineer Harrington and Fireman Connor, it having been shown to the satisfaction of the court that the engine (which was being backed) was proceeding at a lawful speed, that the bell was being rung and a light placed on the tender. The justice read section 3682 of the code, which is as follows:

"If any driver, or conductor, or captain of any vehicle or boat for public conveyance, in the management of such vehicle or boat, willfully or negligently inflict bodily injury on any person, he shall be punished as for a misdemeanor."

He said the evidence made it clear to the court that Conductor Bush was responsible for the collision; that although witnesses had testified that the electric train was stopped at Henry street, others equally as reputable had averred that no stop was made. The statement of the conductor himself was sufficient to bring about a conviction, as he stated that he stood in the center of the Southern Railway track with a locomotive a few yards away (which he failed to see) and gave the signal to go ahead. Besides all this, passengers in the trailer, testified to seeing the approaching engine. The justice stated that under the law a fine ranging from \$5 to \$100 together with imprisonment could be imposed, but as the court had remitted a jail sentence in a case of negligence on the part of electric railway employees less than a year ago, no imprisonment would follow in this case, although a fine would be imposed in order to uphold the dignity of the law. Conductor Bush was accordingly fined \$15.

Mr. Boothe, who represented the electric railway men, reserved the right to note an appeal today if it should be decided to pursue that course.

CAMERON CLUB.

Miss Janet Richards, of Washington, last night delivered an interesting address before the members of the Cameron Club at Lee Camp Hall. Miss Richards spoke first of the controversy between China and Japan and then of the socialistic movement in England. She said a great change was taking place in the politics of Great Britain and that the socialists and anti-socialists are taking the places of the liberal and conservative parties. A large audience enjoyed the lecture.

ST. PATRICK'S DAY.

The memory of St. Patrick, the patron saint of Ireland, was honored today by all loyal Irishmen. The shamrock was very much in evidence, and green ties, lay green flags, and other emblems of the patron saint were worn by many. The Ancient Order of Hibernians observed the day by attending in a body a special mass in St. Mary's Church at 6:30 o'clock this morning, when prayers for the souls of departed members of the division were said. As stated yesterday, at 8 o'clock this evening a meeting of the division will be held at St. Mary's Hall, when the degrees of the order will be conferred upon a number of candidates. A smoker will follow the meeting.

WASHINGTON MONUMENT ASSOCIATION.

The Washington Monument Association held a meeting this morning at the office of Judge Norton. Mr. William B. Smoot presided and Mr. A. J. Wedderburn was secretary. The various committees reported progress and Messrs. Norton and Boothe were appointed to confer with Mr. Howell in regard to placing the land on Shooter's Hill, and the association adjourned to meet at the call of the president.

DEATHS.

Mrs. Georgie E. Stewart, sister of Mrs. Blanche Berkeley, of this city, died at Providence Hospital, Washington, this morning.

Miss Gertrude Humphries, stepdaughter of Mr. Lewis L. Prentice, at one time ordnance sergeant at Fort Hunt, died in Philadelphia last Saturday. The deceased was 18 years old. The remains will be brought to this city for interment.

WEDDING.

A pretty wedding took place in the home of Mr. and Mrs. J. P. Nemehr, on Friday night, when their daughter, Annie, became the bride of Mr. Charles E. Jenkins, of Alexandria. The ceremony was performed by Rev. F. H. Mensche. None but the immediate family was present. Immediately after the ceremony the couple left for their future home in Alexandria. [Richmond Times Dispatch.]

THE BARK ASIA.

The bark Asia which recently arrived here from Buenos Ayres with a cargo of bones to the Bryant Fertilizer Company, has been towed back to the wharf of the Alexandria Fertilizer and Chemical Company. She was taken to the Bryant wharf yesterday morning, but there was not a sufficient depth of water to dock her.

RECITAL.

Miss Miran Lee Earley, of Philadelphia, will give a dramatic recital Thursday night, March 19, beginning at 8 o'clock, at the Young People's Building on Washington street. The proceeds are for the Children's Home. Miss Earley is well known in Alexandria as she has recited here before.

POCKETBOOK FOUND.

A lady living on south Fairfax street, who lost her pocketbook in market last Saturday morning, has recovered the same minus the money that was in it. The pocketbook was found on a bench and when opened it contained electric car tickets only, all the money having been removed.

CONTRACT AWARDED.

The building committee of the Baptist Church have awarded to Mr. J. W. Devers the contract for the erection of a toilet room on the south side of the church.

PERSONAL.

Miss Gettie McGuire, who has been the guest of her brother, Dr. Hugh McGuire, has returned to her home in Richmond.

The Roasting of Coffee

Is by far the most important step in its preparation from the harvest to the table. This cut represents our roasting and milling outfit. Here the coffee is brought in direct contact with the flame, destroying all germs, thence to the section cooler, which in two minutes drives into the center of every roasted bean the essential oils; after which it is delivered to the stoner. Thus we remove all substance foreign to our coffees, all chaff, stones, etc., and complete this entire process in twenty-five minutes.
